Sciences

ABOUT THE COLLEGE

Telangana Social Welfare Residential Degree College for Women, Kothagudem was established in 2016 by the government of Telangana with an objective to provide the highest standards of education to the needy and deprived women students with a major creativity, leadership and communication skills. Integral to our vision and mission, the society promotes a unique teaching & learning environment which empowers both students and teachers.

The campus life is very vibrant and the students benefit from a comprehensive range of curricular, co-curricular and extra-curricular activities hitherto unheard of in the government education in India. Every student is recognized with their skills and talent. TSWRDC(W) Kothagudem is dedicated to excellence in learning, teaching, and leading so that every individual can explore their will power.

COURSES OFFERED

Various courses in B.Sc. & B. Com were offered in our institution which includes

B. Sc Courses :

MPC (Mathematics, Physics, Chemistry)

MSCS (Mathematics, Statistics, Computer Sciences)

MZC (Microbiology, Zoology, Chemistry)

BZC (Botany, Zoology, Chemistry)

B. Com Courses :

B. Com (General)

B. Com (Computer application)

SIGNIFICANCE OF THE SEMINAR :

To provide an ideal and excellent platform for transferring advance scientific knowledge to undergraduate students in particular. Persons of academic, research and industrial interest by bringing together of a few distinguished personalities viz professors/senior faculty/scientists as resource persons from reputed academic and research institutions in the subject of microbiology and its allied fields.

The two day presentations/seminar talks by the experts would be very helpful and useful to under graduation students of both host and participant institutions in getting basic understanding and technical knowledge (theory and practical) about the subject and its latest developments/trends in the science and technology.

The participants can have the opportunity to discuss and share/exchange their knowledge with the experts and also have clarifications on doubts over the subject during interactive sessions.

Being a host institution to conduct seminar at National level, we will be glad to provide an opportunity for the people those who are thirst of knowledge and to explore their innovative ideas in such events.

RESOURCE PERSONS :

Session will be handled by renowned academicians from reputed universities as listed below :-

Prof. S.M. Reddy

Department of Botany, Kakatiya University

Prof . S. Ram Reddy

Department of Botany, Kakatiya University

Prof . M. A. Singaracharya

Department of Microbiology, Kakatiya University

Prof . M. Gopal Reddy

Department of Microbiology, Osmania University

Prof . B. N. Reddy

Department of Botany, Osmania University

Prof . K . Satya Prasad

Department of Botany, Osmania University

Dr . T. Christopher

Department of Botany, Kakatiya University

Dr . E. Sujatha

Department of Microbiology, Kakatiya University

Dr. Sabitha Rani

Department of Botany, Osmania University

Dr. Srinivas Munjam

Department of Microbiology, Kakatiya University

Dr. A . Amrutavalli

Department of Botany, Nagarjuna University
